

Returning To School Plan: Addendum #1—Date of Publication July 17, 2020

This is our first Addendum to our recently published "[Returning To School Plan](#)".

This addendum is intended to further clarify our plans for returning to school. This addendum does not reflect a change to the previously communicated plans.

Please see the updates below to our plan. Additional addendums will be published if and when that becomes necessary.

Remote Learning Option

- A virtual, remote learning option will be available for families who want their child(ren) to learn in a virtual environment and not be on campus.
- The remote option will be available to families for the full school year.
- If a family enrolled in the remote option would like to change to the in-person option, we will only be doing that at the quarterly breaks.
- The remote option will be a robust learning experience for all students participating, mirroring the in-person instruction. More detailed information on the program will be shared soon.
- So we can plan accordingly, if you would like your child(ren) to take part in the remote option, [please go to this online Google form and submit your information by the end of the day on Friday, July 31, 2020.](#)
